

Teacher with IT Classroom Experience

For the school year 2020/21, German International School New York is looking for a qualified teacher with German teaching certification in two subjects for grades 5 – 10 or 5- 12 according to our middle/high school curriculum.

The candidate must have a minimum of 2 years teaching experience in technology education providing students an opportunity to learn and study with technology, e.g. use of learning platforms, teaching on tablets or laptop, use of interactive blackboards.

Excellent communication skills and a very good command of English are also required.

Additional responsibilities will include:

- Implementation of after-school classes on information technology.
- Supporting the faculty in using technology in lesson planning: e.g. peer observations.
- Weekly implementation of spontaneous training courses on the use of IT in teaching.
- Further development of the concept of the interactive blackboard.
- Active participation in the media committee and development of a media concept.
- Collaborating with our in-house network administrator on purchases, repairs and assisting with the technology design of the new Science Wing.
- Organization of evening events open to all constituents of the school on topics such data protection, Internet security, etc.

This is a full-time position and compensation will be based on our STEP table. In addition, a relocation allowance for candidates relocating from overseas is available.

Please email your complete application including resume and diplomas by Jan. 31st, 2020 to Oliver Fruehwein (ofruehwein@admin-gisny.org) and write in the subject line "IT-Teacher".
